Welcome to The POST

www.GallagherPost.com

The Gallagher POST is to bring you resources and solutions, based on our service to the Church, its parishes, schools, charities, chanceries and many ministries since our founding in 1927. We

are not an insurance company, but a group of consultants, service providers and your advocates. While we now have more than 10,000 employees and offices all over the world, we too use technology to share,

network, and forge solutions that bring value and insight to you at the local and regional level. We are confident that you will want to use this portal to raise issues for others to network, conduct searches to find relevant articles or training materials, or contact us to talk further about what you are looking for.

What will you see when you go to the website? You will have abundant resources at your fingertips! Our goal is to make it easy for you to find people and tools that

Bringing you resources and solutions for your parishes, schools, charities, chanceries, and ministries

Connect your work, ministry or research with our resources. Areas of focus include property, casualty, insurance, health benefits, and healthcare reform, institutional investments and pensions, human resource management, alternative risk financing, and

More! Training information is also available on The Post in all types of media. Be sure to check out the Safety Bulletins, Newsletters and Recorded Webcasts! Each day we give thanks for the privilege of serving the Church and you. Go ahead; make this site your homepage. We are!

Extras You Receive as a Gallagher Client

If you are a Gallagher client, you have additional benefits on The Gallagher POST. This includes a login and the option to have your own web platform for your diocese! This will allow access to numerous supplemental materials, including: MP3 articles, additional training and much more. Read on below for more information!

As a Gallagher client, when you login to The POST, you will have access to additional diocesan resources including: articles, reports, white papers; Loss Prevention material; (MP3)s Safety Bulletins; Property Appraisal information; and Health & Wellness articles. You will also have access to a Message Board in which you can communicate with other dioceses. There is specific information addressing child abuse topics such as indicators, disclosure information and general informational articles. Lastly, training modules are offered for you to

share with your diocese. The available training modules include; FACTA (Preventing Identity Theft), Smarter Adults-Safer Children: Substance Abuse, Disaster Planning 101, Employee and Family Disaster Preparedness, and Hazard Recognition Training for Cemeteries.

If you are interested in obtaining your own platform within The POST or would like additional information, please contact Janelle Maciaszek at Janelle_Maciaszek@gbtpa.com or 630.694.5441.

Homeless Shelters — Basic Guidelines When Opening Your Parish

This is an article that is on The Gallagher POST. To view the full article, go to www.GallagherPost.com, click on the “Keep POSTed” section under the title “Risk Management.” Click on the article title “[Homeless Shelters](#)” to view.

While your parish may not sponsor a homeless shelter, your parish may open up your facilities in the event of inclement weather or a catastrophe. In opening up your facility, it is important to research the local ordinances around shelters, even temporary shelters. It is also important to work with the Parish staff and volunteers as to the responsibility they have in working with the homeless.

During a recent five-year period, the cost of claims incurred by parish homeless shelters was approximately \$155,703.08. Two percent of the claims reported were due to auto accidents; 18 percent of claims reported were due to workers compensation; 38 percent of claims were due to general liability; and another 38 percent were due to property damage.

Some of the specific claims reported included a homeless shelter employee

bitten by a client’s child; assault to homeless shelter volunteers and workers by clients; vandalism to facilities including fires set to carpeting and gym doors; injuries to homeless shelter employees and volunteers from lifting materials, and slips, trips and falls due to ice and uneven walking surfaces. Other claims included damage to homeless shelter facilities from burst pipes and severe weather.

To prevent similar claims for occurring at your Parish Homeless Shelter, consider the following guidelines.

Guests entering your facility should be treated with respect. However, they need to be informed of any ground rules the Parish may have, as well as the Parish staff and volunteers. Guidelines the Parish may develop and communicate to guests can include:

- Hours of operation
 - Registration procedures
 - Appropriate clothing
 - No alcohol or drug usage or being under the influence upon entry
 - No weapons
 - No abusive threatening or profane language or actions
 - No stealing or damage to another guest, volunteer or staff member
 - No pets unless the pet is a service dog
 - No disposal of personal belongings or human waste on property
- Many of the staff and volunteers within the Parish may not have worked with homeless guests. Here are some of the basics in working with homeless guests:
- Allow the homeless guests to own their successes and their failures.
 - It is imperative to maintain order and discipline at all times. ■

Q: *What is included in the “Keep POSTed” section?*

A: There are a lot of resources within the “Keep POSTed” section: from web links, to handbooks, to posters! The following topics are covered: Healthcare Reform, Benchmarking, Clergy, Health & Wellness Management, Real Estate, and Staff/Volunteers. Click the [more] link to the right of the title to view all related materials that are available!
